Re: FY2024-2025 Tentative Budget

Dear Mayor and Village Board of Trustees,

I am pleased to present the Village of Scarsdale's Tentative Budget for the 2024-2025 Fiscal Year. Before I discuss the key elements of this budget, I want to highlight our process up to this point. Our department heads began preparing their budgets as early as August 2023 and internal discussions have been ongoing since then. This year, we streamlined our budget work session schedule to focus on areas where significant changes are occurring in both operating and capital funds. Work sessions with the Board started in November and have covered key elements and drivers of the budget such as trends in revenue, critical infrastructure needs (e.g. stormwater improvements), and an in-depth overview of our parkland and recreation assets. We appreciate the time the Village Board has put into the budget process in advance of filing the Tentative Budget, and for the collaborative conversations regarding our finances and fiscal policy throughout the year.

I also want to mention that this is the second year that the Village has generated a Digital Budget Book using the **ClearGov** platform. ClearGov has been an invaluable tool in producing a more transparent budget document with interactive charts, detailed breakdowns of each fund, and in-depth descriptions for each of our proposed capital projects, going out multiple years.

This budget calls for an increase in the tax levy of **4.93%**, or **\$2,293,000**, which exceeds the New York State Tax Cap. This increase equates to a 4.27% increase on the tax rate or \$348.39 for the average household. This is the 13th year that the New York State Tax Cap rule has been in effect, which allows for increase of the levy by the lesser of 2% or the rate of inflation. Exceeding the tax cap is not an easy decision and was not taken lightly. However, with operating expenses continually on the rise, it's important that we maintain a steady increase to match these expenses to prevent a decrease in the quality of our infrastructure, assets, and services, and to avoid large spikes in the levy in the future. When examining our operating expenses across all funds, personnel costs are the biggest driver. The increase from FY2023-24 in non-discretionary budget items such as insurance premiums and pension alone total \$1,754,500. It is important to note that this dollar amount already exceeds the allowable levy increase under the tax cap formula of 3.56% or \$1,658,000.

Despite our rising personnel costs, I want to highlight that the FY2024-25 Tentative Budget actually includes a **headcount decrease of 1.5**. In the Manager's Office, we are always exploring opportunities to increase operational efficiency. Last budget cycle, the Board agreed to add a position to the Village Manager's Office for a Public Relations Assistant and added a part-time position for office support in the Public Works Office. When searching to fill the PR position and having further discussions with the Board, we concluded that it would be more fiscally prudent at this time to allocate those functions to other positions within the

Manager's Office and bring on some part time assistance when needed. We are proposing to increase the part-time office position in Public Works to full-time to help with the administrative workload from facilities contracts as well as put greater focus on applying for grants for various capital projects. In order to enhance efficiencies between operations, we are also moving the Water Department under Public Works as a division. This will result in even greater collaboration and oversight our critical water infrastructure and will also allow cost savings due to sharing of certain responsibilities amongst other public works staff.

Equally important to our conversation about the FY2024-25 operational budget is our proposed capital schedule. Key capital projects over the next fiscal year include **pre-construction expenses for the Scarsdale Municipal Pool Complex**. Now that we have Hill International on board for owner's rep professional services, we can begin the next steps of securing the project architect and moving forward with design development and programming. We anticipate transferring fund balance to pay for this work, consistent with the board's desire to **use fund balance for one-time expenditures**, and using debt in the future to pay for construction costs once ground is broken.

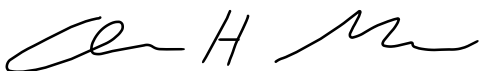

Other projects funded through transferred fund balance include a continuation of the catch up for paving of roadways, purchase of holiday lights, reconfiguration of Popham Road, ballfield renovations and other parks improvements, and a one-time transfer to the Scarsdale Business Alliance to cover expenses associated with the Scarsdale Music Festival. Another notable capital expenditure is the repainting of the Heathcote Bridge over the Heathcote Bypass, a rust prevention measure that we recommend funding through debt. Our capital schedule also includes long overdue repairs to Village Hall, with significant HVAC renovation scheduled for FY2024-25. The full list of capital projects with detailed backup is available on the Village website and through ClearGov.

This budget also proposed that \$3,000,000 of unassigned fund balance be assigned for **future stormwater improvements**, which will bring us closer to our fund balance policy recommended levels. We've held numerous conversations over the past year about our stormwater infrastructure, and the Village Board has made it clear that investing in this infrastructure is a priority. We are currently in the process of having our engineering consultants work on eight different stormwater projects throughout the community. Once these project studies and designs are completed, our Public Works staff will have a better sense of associated costs, and this assigned fund balance will keep us prepared to move on these projects once ready.

I want to thank our Village Treasurer Ann Scaglione for her diligence in preparing this fiscally responsible and balanced budget. From the time the prior year's budget was adopted, Treasurer Scaglione was already thinking ahead to prepare the next budget for the board's consideration. She has also continuously made budgetary information more accessible for the board, department heads, and the public so that more productive discussions can occur. I also want to thank Assistant Village Manager Charles Hessler and all our department heads for their constant collaboration throughout the budget process.

I look forward to presenting the Tentative Budget to you at the board's work session on March 26.

Sincerely,

Alexandra H. Marshall
Acting Village Manager
