Scarsdale Village Comes Alive at Annual Sidewalk Sale

The Scarsdale Business Alliance's annual Sidewalk Sale brought vibrant energy to the heart of Scarsdale Village last week, drawing crowds of shoppers, families, and fun seekers from across the area. With over 40 participating merchants — a lively mix of village center retailers and outside vendors — the event turned the village streets into a bustling open-air market. Saturday was a special highlight, offering a full lineup of kids' activities that kept young visitors smiling all day. From face painting and balloon animals to colorful airbrush tattoos, there was no shortage of excitement. Songs for Seeds amped up the energy with a live kids' concert that had children dancing in the streets, while Wonder added a creative flair with its super cool spin art station. With beautiful weather and community spirit in full force, Scarsdale was buzzing all weekend long. "Fun was had by all," said event organizers — and judging by the laughter and smiles, it was a celebration to remember.
