City of New Rochelle Mulch Mowing Workshop on November 5th

What

The City of New Rochelle is hosting a free leaf mulching demo. Fall leaves are beautiful, but did you know they are also nature's nutrients for healthier lawns and gardens? Learn how to re-invest leaves into your property by shredding them right into your lawn.

Where

New Rochelle's Twin Lakes Park, which is on North Avenue across from the New Rochelle High School (265 Clove Rd, New Rochelle, NY).

When

Saturday, November 5th at 3:00 p.m.

More Leaf Mulching Information

Residents are encouraged to mulch mow their fall leaves in place. On-site leaf mulching provides environmental health benefits to your lawn, while reducing phosphate runoff into waterbodies, localized flooding from clogged storm drains, and traffic hazards from leaves piled in the roadway. Additional information regarding leaf mulching is available from the Village website, www.scarsdale.com. Additional information is available from the Love 'Em And Leave 'Em website, <http://www.jeleny.org>, which is a Westchester County initiative to reduce organic yard waste.
